

We've processed your Assignment extension request FORM-AEX-452751

From no-reply@qut.edu.au <no-reply@qut.edu.au>

Date Fri 18/10/2024 11:20 AM

To James Donovan <james.donovan@connect.qut.edu.au>

Hi James,

Thank you for your assignment extension request.

We have **approved your request (FORM-AEX-452751)**. The due date for your assignment **Assessment: Project- applied (AKA MXN442 Assessment 2)**, for unit MXN442 has been extended **until 08/11/2024 11.59pm AEST**.

The Faculty can only grant a maximum of **14** days extension for this assessment without seeking Unit Coordinator's approval. As you have now been granted the maximum extension period allowed for this assessment, any further requests for this assessment will require approval from the Unit Coordinator.

Should you require a further extension, please submit an additional assignment extension request by the revised due date above and provide updated supporting documentation within 3 business days. We will then contact your Unit Coordinator for approval of an additional extension time at their discretion. Please note that it is not guaranteed that students receive the maximum amount of extension as outlined on their documentation.

When you submit your assignment, add a comment to advise that you have an approved assignment extension and attach a copy of this email. See our instructions on [submitting your assignment](#).

Be aware that a copy of this email is kept on file. You should not alter this email in any way. Email notifications that have been altered or differ in any way from the original may result in an allegation of student misconduct as set out in the [Student Code of Conduct](#).

Need extra support? You can access free, confidential [counselling with qualified professionals](#). We also offer [planning and support if you have a disability, injury or health condition](#) that affects your ability to study. If you are struggling to meet your university commitments, [academic support](#) is also available.

Have a question? Our advice on [late assignments and extensions](#) covers answers to common queries. You can also contact us by email, phone, on campus or via online chat. Visit the [HiQ website](#) for our contact details and opening hours.
